

Predrag Djindjic

Junior Developer

Profile

Junior developer looking for his first job. Since I'm a CS degree major, you could assume I'm interested in a variety of things such as Data Science, Machine Learning and Web Development. Strongly willing to learn and work as a team player. You can expect from me to bring enthusiasm, dedication, and responsibility into my job.

Experience

**Mart 2022 -
June 2022**

Institute of Biostatistics and Medical Informatics

Intern developer, Ljubljana
I had the responsibility to help integrate and resolve problems regarding moodle of University of Medicine in Ljubljana, as well as Galaxy Project. Technologies used: Bash scripting, Python and a bit of PHP and SQL.

Education

2018 - 2022

Fakulteta za računalništvo in informatiko
Ljubljana, Slovenia

Competitions

SERIOUS GAMEJAM 2021

Organisation
Description of the project.

DRAGONHACK 2022

Projects (find them on my GitHub profile)

DON'T FORGET YOUR WAY

Unity
A game designed for a 'Serious Game Jam 2021' that took place online. The theme of the game jam was 'forgetting' so me and my colleague managed to make a game while using Unity for the first time.

THE DRUG PROBLEM IN EU
